

## to get current **prices**

**simply text a commodity code to us.** We'll send you a free response with the latest prices for your country markets

*\*codes & numbers on reverse*

## to get current **prices 2**

**for a different country**, add a space and the country code. You can even specify currencies by adding c=EUR (where EUR is euro)

*\*codes & numbers on reverse*

## to post an **offer**

*ensure you are registered online first!*  
**type 'buy' or 'sell'**, then commodity code, then quantity. KG=kilos, MT=metric tonnes, or LT =litres.

*\*codes on reverse. Register: [tradenet.biz/login](http://tradenet.biz/login)*

## to post an **offer 2**

**to specify a price**, just add the price and currency code. If not, the offer price will show as 'negotiable'. Your price is for the entire lot, NOT just each tonne or kilo.
